

# Making it Happen

---

The “how” really depends on you!

My desire is to build the Kingdom wherever there is opportunity and teachable hearts.

There are a number of ways we can partner together to build what God has entrusted to you:

## **Worship Team Retreats**

A mini worship conference focused on your team and tailored to your needs.

## **Training**

Working with you for a season to help establish healthy leadership teams. Equipping with both practical and spiritual aspects of worship and leadership. Teaching congregations in the areas of worship, intimacy with God, and practical Christian living.

## **Worship Leading**

Church Services, Nights of Worship, Special Meetings, Retreats, Conferences.

## **Fees.**

If you're like me you're looking around for the price list.

There is no fee. If there is fertile ground, teachable spirits, and a willingness to put into practice the equipping of the saints, I will be there. If you believe what I'm doing has value and you would like to sow into the ministry that's great, however, there is no expectation or requirement. God is my source and provision.

# The Vision

---

I see the body of Christ teaching (II Timothy 2:2) and equipping the body of Christ to serve the world and edify the church (Ephesians 4:11-12) until everyone is walking in the fullness of their calling (Ephesians 4:16).

I see a church:

Where leaders recognize, call out, equip and release those entrusted to them into the fullness of their calling.

Where leaders steward what they have been given, pass it on and move to the next challenge.

Where all gifts are valued, not only the oracle gifts.

Where worship on the weekends flows from the body being perfected in their purpose, the beauty of holiness.

Where all the needs of the body are met in the body.

## A Little about Gary

---

Since trusting Jesus as my savior in the fall of 1982, I have immersed myself in church life and have done almost every job within the church. My greatest joy is helping people step into the fullness of their calling.

For almost 25 years I have served the church leading worship in small groups, conferences, regular church gatherings, and serving as worship pastor in different contexts. I've also had numerous opportunities to serve in youth leadership, small groups, bible studies and the list goes on.

In the winter of 2001 my family moved to Sydney, Australia so I could attend Hillsong International Leadership College. After receiving a Certificate IV in ministry through the Worship and Creative Arts department we moved to Colorado Springs where we've been planted at New Life Church.

In January of 2009 I stepped out to fulfill what has been in my heart for over 15 years. These retreats are a big part of that.

It would be my great pleasure to serve you in leading worship for your event or helping you host a worship team retreat.

## Event Schedule

---

building the foundation for a ministry of helps with a heart to serve the house and bless God. This is customizable to your team.
